**224-3-.01 Establishment and Purpose of Quarantine Repealed**

- ~~1. The Emerald Ash Borer (*Agrilus planipennis*), an exotic invasive plant pest that is established in several other states, has been found in Georgia. This insect can be highly destructive to Georgia's ash trees (*Fraxinus* species) and ash nursery stock. Therefore, it is in the best interest of Georgia's citizens, agriculture, and silviculture that this quarantine be established to limit its human-assisted spread within the state.~~
- ~~2. The purpose of this quarantine is to prevent the human-assisted spread of the Emerald Ash Borer to non-infested areas of the state by regulating the movement of those articles that are likely to transport this insect.~~
- ~~3. This Quarantine closely parallels both the U.S. Department of Agriculture Animal and Plant Health Inspection Service (USDA APHIS) quarantine regulation in the Code of Federal Regulations, 7 CFR § 301.53-1 through § 301.53-9 and the Georgia Department of Agriculture quarantine regulation at Ga. Comp. R. & Regs, r. 40-4-25.01 through .14.~~

Authority O.C.G.A. §12-6-16

#### **224-3-.03 Regulated articles, Repealed**

1. ~~The following are regulated articles:
  - (a) ~~The Emerald Ash Borer in any life stage,~~
  - (b) ~~Firewood of all hardwood (non-coniferous) species,~~
  - (c) ~~Ash nursery stock,~~

Authority O.C.G.A. §12-6-16

#### **224-3-.04 Quarantined and Regulated Areas Repealed**

1. ~~In accordance with O.C.G.A. §12-6-16(b), the Director hereby declares and defines the entire state of Georgia as an area of quarantine for the Emerald Ash Borer. However, the procedural requirements for the quarantine detailed in these regulations will only be in effect for the regulated area as defined in paragraphs 2 and 3 herein. Specifically, the restrictions in Ga. Comp. R. & Regs., r. 224-3-.06 regarding the movement of regulated articles from quarantined areas, the requirements in Ga. Comp. ~~3.—The regulated area may be expanded if the Director determines that the Emerald Ash Borer is either present in other Counties or there is an increased risk for the presence of the Emerald Ash Borer in other Counties. The Director’s determination regarding the presence or increased risk for the presence of the Emerald Ash Borer will be made after specimens collected in United States Department of Agriculture (USDA) Animal and Plant Health Inspection Service (APHIS) survey traps are confirmed by USDA APHIS to be Emerald Ash Borer. Counties that constitute the regulated area will be identified on the Georgia Forestry Commission’s website where they will be conspicuously posted at: <http://www.gatrees.org/forest-management/forest-health/eab/index.cfm>.~~

Counties outside of this “non-flight” zone do not have a period when regulated articles can be moved from a quarantined area to a non-quarantined area. See map in appendix for this zone.~~

~~2.—Without a certificate or limited permit if:~~

~~(a) The regulated article is moved by the United States Department of Agriculture for experimental or scientific purposes; or~~

- ~~(a) Is to be moved to a specified destination for specific processing, handling, or utilization (the destination and other conditions to be listed on the limited permit), and this movement will not result in the spread of the Emerald Ash Borer because the pest will be destroyed by the specific processing, handling, or utilization; and~~
- ~~(b) Is to be moved in compliance with any additional emergency conditions that the Director may impose to prevent the spread of the Emerald Ash Borer; and~~
- ~~(c) Is eligible for unrestricted movement under all other Federal domestic plant quarantines and regulations applicable to the regulated article.~~
- ~~3. The Director may issue blank certificates and limited permits to a person operating under a compliance agreement in accordance with rule 224-3-.07 or authorize reproduction of the certificates or limited permits on shipping containers, or both, as requested by the person operating under the compliance agreement. Any person whose certificate or limited permit has been canceled may appeal the decision in writing to the Director within 10 days after receiving written cancellation notice. The appeal must state all of the facts and reasons that the person wants the Director to consider in deciding the appeal. As soon as practicable, the Director will grant or deny the appeal in writing, stating the reasons for the decision.~~

Authority O.C.G.A. §12-6-16

#### ~~224-3-08 Compliance Agreements And Cancellation. Repealed~~

- ~~1. Any person engaged in growing, handling, or moving regulated articles may enter into a compliance agreement when the Director determines that the person understands this quarantine. The agreement shall stipulate that safeguards will be maintained against the establishment and spread of infestation, and will comply with the conditions governing the maintenance of identity, handling, and subsequent movement of such articles, and the cleaning and treatment of means of conveyance and containers.~~
- ~~2. Any compliance agreement may be canceled orally or in writing by the Director whenever he determines that the person who has entered the compliance agreement has failed to comply with this quarantine. If the cancellation is oral, the cancellation will become effective immediately, and the cancellation and the reasons for the cancellation will be confirmed in writing as soon as circumstances permit. Any person whose compliance agreement has been canceled may appeal the decision in writing to the Director within 10 days after receiving written cancellation notice.
