Timber Tax Credit Application Received

Received: Monday, Mar 4, 2019 2:54:05 PM

Subject: Timber Tax Credit Application Received

This is an official communication sent to you by the Georgia Department of Revenue regarding your Georgia Tax Center account.

Your Form IT-TIM-AP for the Timber Tax Credit has been received and is complete. At a later date, you will receive a letter regarding either preapproval or denial of your Form IT-TIM-AP.

Once your application has been preapproved and you complete the replanting of timber in a quantity projected to yield at maturity at least 90 percent of the diminution of value included in the computation of

the timber casualty loss claimed, you must report on GTC that this requirement has been met. Until this required reporting is submitted, the certificate cannot be viewed on GTC and the credit cannot be sold or utilized by anyone.
