

Georgia Certified Mills & Products

During the Timber Product Output (TPO) annual survey of the primary wood-using industries in Georgia, the following companies reported to GFC personnel that their wood procurement system and/or listed mills and/or products are certified through SFI, FSC, PEFC, or SBP¹. Please note that not all mills responded to this question and other Georgia mills may produce certified products during primary processing. Questions about specific certification programs, claims, or product labels for individual mills should be directed to those mills.

Mill Name	County	Mill Type	SFI	FSC	PEFC	SBP
Appling County Pellets	Appling	Energy Product	√	√	√	√
Archer Forest Products	Brantley	Energy Product	√	√	√	√
