

Tractor & Bulldozer Rate Changes *Effective September 1, 2021*

- All tractors, regardless of size or type, will be charged \$190 per hour for the first hour of service. The one-hour charge is also the MINIMUM fee for service.
- This new rate includes the transportation fee, which is applied to the first hour rate of \$190.
- A \$130 per hour rate will apply to each successive hour, as measured on the tractor hour meter.
- Equipment rates are all the same. There will be no difference in the rate, whether installing firebreaks with front mounted blades, or using lift or wheel fire plows or harrows.
- These rates will also apply when the cost to suppress wildfires is applicable.
- Partial hours will be charged \$13. for each 1/10 hour (.10), as measured on the tractor hour meter.
- Landowners who are scheduled to receive plowing/harrowing/burn assistance on or after September 1, 2021 will be charged the new rates.
- Contact the local GFC County Unit serving your area for questions and further information.
