Notice of Timber Sale  
Sale ID# 11588  
Glynn County

Dear Timber Buyer:

The Georgia Forestry Commission will accept sealed bids until 10:00 a.m. on Thursday, December 12, 2024, for the unit sale of pine and incidental hardwood on 138 acres of Department of Natural Resources (DNR) property located on Clayhole Swamp WMA in Glynn County.

The sale area is located approximately five and one half (5 1/2) miles north of Sterling, GA off Pennick Road and interior WMA roads. Location is described more precisely on the attached maps. Location is further described by Georgia Atlas & Gazetteer page 63, block C6.

This timber sale consists of 138 acres of planted loblolly pine to be thinned by operator selection (see contract for further harvest specifications). Potential forest products included in this sale are pine pulpwood, pine chip & saw, pine saw timber, pine poles and incidental hardwood. The total volume estimate is 9,660 tons. Product volumes will not be announced. Buyers are encouraged to make their own estimate of product breakdown. Sale boundaries are marked with a double diagonal mark of blue paint. See the attached "Timber Harvest Contract" for detailed instructions on this timber harvest.

Bids may be brought to the opening site or mailed to the attention of Ben Hammond, Georgia Forestry Commission 1055 East Whitehall Road, Athens, GA 30605. Bids will be publicly opened at 10:00 a.m. on Thursday, December 12, 2024, at the Georgia Forestry Commission's Glynn County Unit Office located at 2855 Georgia Highway 32, Brunswick, GA 31523 (see attached bid opening location map). No bids will be accepted after 10:00 a.m.

**Bid Requirements:**

1. All bids must be submitted on the timber bid form provided with this notice, signed and sealed and must have "Clayhole Swamp WMA FY25 #11588 Bid Sale" written on front of envelope. Per ton price and wood specifications **are required** for each product on bid form. Specifications should include minimum top and butt size, minimum length or measured lengths, and, if appropriate, quality specifications (for example, knot size, sweep, etc.). If a box on bid form, other than price, is not applicable, indicate as "N/A." Blended or composite price bids for all pine will not be accepted. **Incomplete bid forms will be invalid and will not be given consideration in the bid process.**
2. Mailed bids should be clearly marked "Clayhole Swamp WMA FY25 #11588 Bid Sale" on front of envelope and must arrive on the day before the sale. Faxed or phoned bids will not be accepted.
3. Bid forms must be signed in order to be accepted.
4. A check made payable to the **Georgia Forestry Commission** in the amount of \$5,000.00 must be enclosed in the sealed bid. Checks of unsuccessful bidders will be returned following bid opening. The successful bidder's check will be held in escrow and credited towards the performance bond. The performance bond amount will be \$5,000.00 or 10% of the estimated sale value based on the successful bidder's unit prices, whichever is higher. Any additional performance bond money will be due at contract signing.

Continued...

A sample contract, bid form and maps of the sale area are included with this timber sale notice. Also attached is the “Timber Harvest Inspection” form to be used by a GA DNR representative when making periodic inspections of harvesting operations. **Notice: Be sure to read through the “Timber Harvest Contract.”** The timber sale contract will terminate eight (8) months from the contract signing date. Contract signing and receipt of payment will occur no later than thirty (30) days after the bid date. Additional road work that may be required must be approved by GA DNR and will be the buyer’s responsibility. For questions regarding the bid process contact Ben Hammond, GFC, at 706-612-3729. For questions specific to the sale area contact Darcy Tripod, GA DNR, at 404-844-6451.

**The Georgia Forestry Commission reserves the right to reject any and all bids.**

Sincerely,

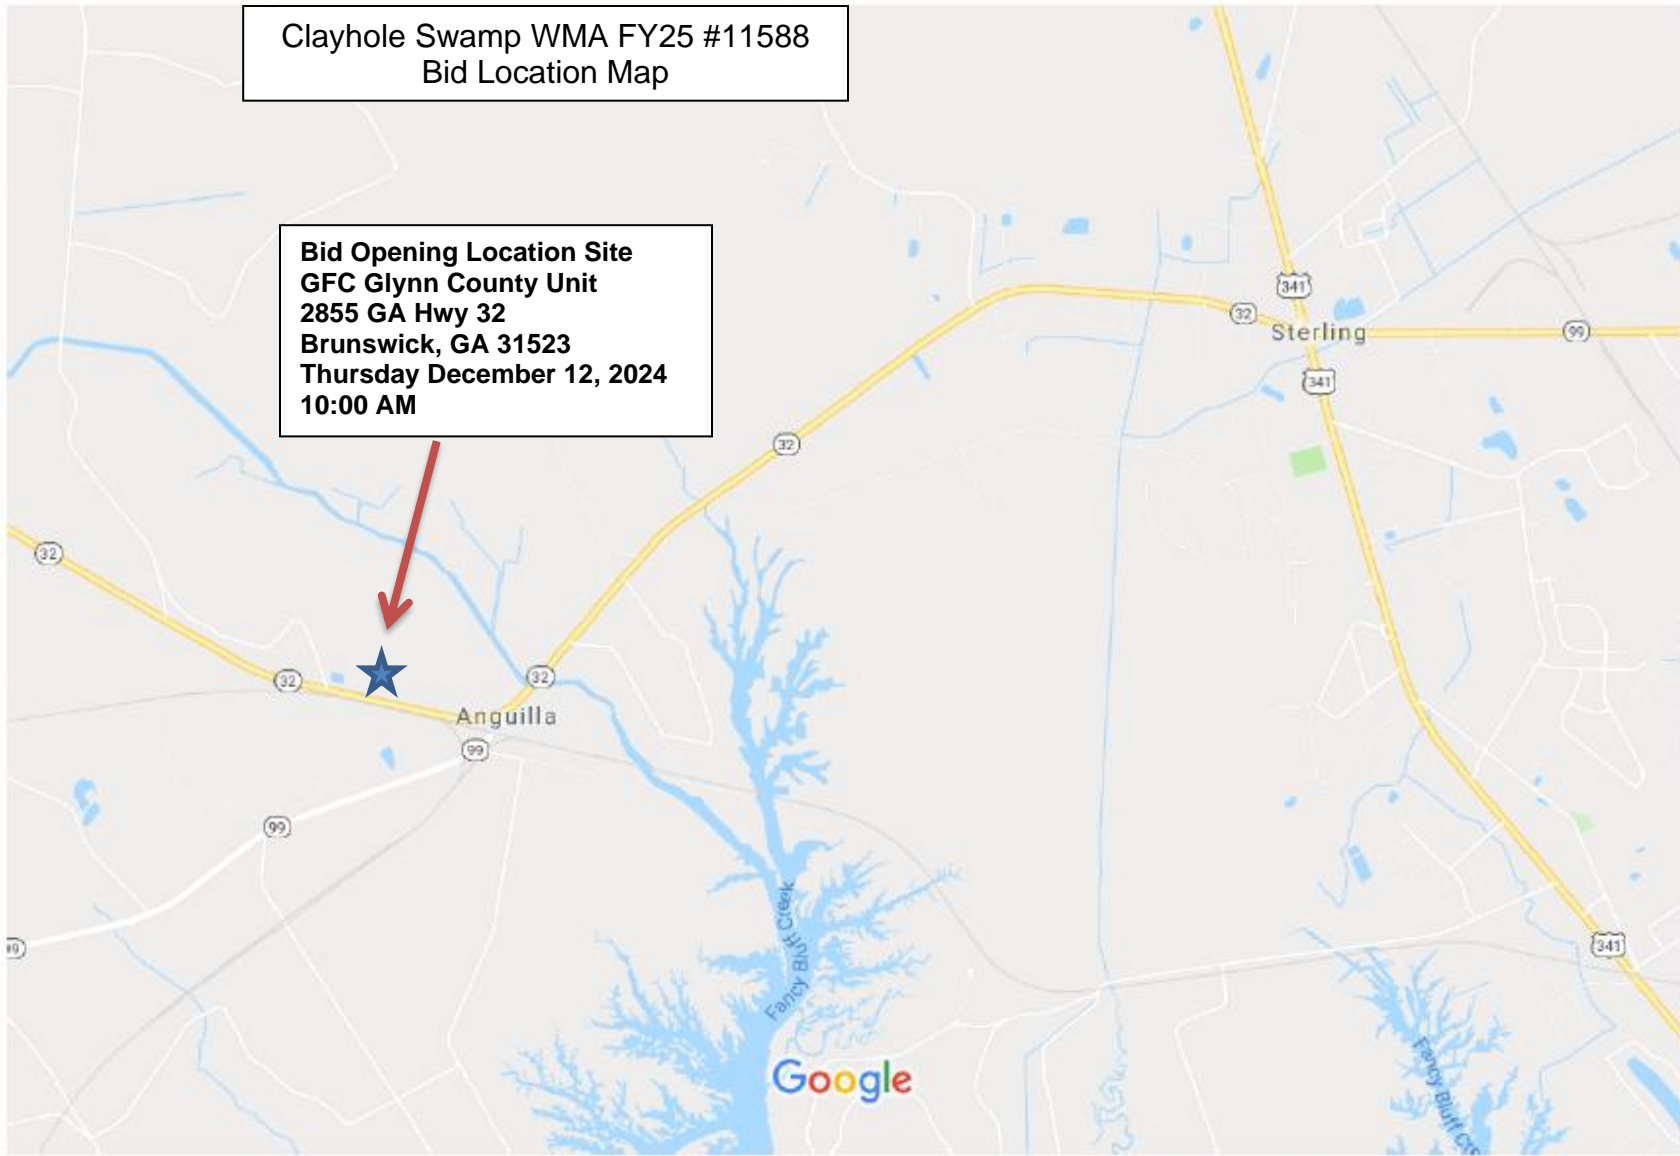

*Ben Hammond*

Ben Hammond, RF

Staff Forester

**This TIMBER HARVEST CONTRACT (the "CONTRACT")** is made and entered into by and between the **GEORGIA DEPARTMENT OF NATURAL RESOURCES**, 2065 U.S. Highway 278 SE, Social Circle, GA 30025, hereinafter referred to as the **"SELLER"** and \_\_\_\_\_ of \_\_\_\_\_ hereinafter referred to as the **"BUYER."**

WITNESSETH:

ARTICLE I. Obligations of the SELLER:

1. SELLER agrees to sell to the BUYER all those forest products to be harvested as defined here, and hereby represents and warrants it has good and unencumbered title to such timber:
  - a) Location and Description of Sale Area  
The timber sale area, approximately 138 acres, is located approximately five and one half (5 1/2) miles north of Sterling, Georgia on Clayhole WMA off Pennick Road and interior WMA roads. The specific sites are designated on the attached maps as Exhibits "B", "C", "D", "E" & "F" which are incorporated herein by reference and made part of this CONTRACT and which are herein collectively referred to as the "PROPERTY".
  - b) Method of Harvesting Forest Products  
Timber shall be harvested according to specific instructions found in "Timber Harvest Specifications", Article III, Paragraph 1.
2. SELLER agrees to allow the BUYER ingress and egress across and upon the PROPERTY for the purpose of carrying out forest products harvesting identified in this CONTRACT.
3. SELLER shall in no way assume any responsibility for damage to equipment belonging to the BUYER or injury to persons employed by the BUYER or his/her agent; said responsibility being totally assumed by the BUYER.
4. The parties agree that the recommendations relating to forest products harvesting known as BEST MANAGEMENT PRACTICES ("BMPs") and referenced in the Georgia Forestry Commission (GFC) publication "Georgia's Best Management Practices for Forestry" are binding upon and will be adhered to by the BUYER in accomplishing any and all forest products harvesting identified by this CONTRACT.

Buyer's Initials _____ Seller's Initials _____
--

ARTICLE II. Obligations of the BUYER:

1. Agrees to pay the SELLER at the rate of

\$\_\_\_ per ton for pine pulp wood (wood specs: \_\_\_ inch minimum top, \_\_\_ inch minimum butt, \_\_\_ feet minimum length)

\$\_\_\_ per ton for pine top wood (wood specs: \_\_\_ inch minimum top, \_\_\_ inch minimum butt, \_\_\_ feet minimum length)

\$\_\_\_ per ton for pine chip & saw (wood specs: \_\_\_ inch minimum top, \_\_\_ inch minimum butt, \_\_\_ feet minimum length)

\$\_\_\_ per ton for pine saw timber (wood specs: \_\_\_ inch minimum top, \_\_\_ inch minimum butt, \_\_\_ minimum length)

\$\_\_\_ per ton for pine poles (wood specs: \_\_\_ inch minimum top, \_\_\_ inch minimum butt, \_\_\_ feet minimum length)

\$\_\_\_ per ton for hardwood pulp wood (wood specs: \_\_\_ inch minimum top, \_\_\_ inch minimum butt, \_\_\_ feet minimum length)

for the forest products designated for harvesting in ARTICLE I of this CONTRACT. Payment for forest products shall be made by the BUYER to the **Georgia Forestry Commission** as follows: \$\_\_\_\_\_, 50% of the estimated total sale price, (the "ADVANCE"), based on the BUYER's bid for the volumes and products offered in ARTICLE I, is to be paid at the time of CONTRACT execution. The parties agree that this payment is nonrefundable except under the following circumstances:

- 1) If the estimated volume of timber's, as described in ARTICLE I, value does not equal or exceed the 50% payment made by the BUYER to the SELLER, the difference between the value of the timber cut and removed, based upon scale tickets delivered to SELLER, and the 50% payment shall be refunded to the BUYER by the SELLER.
- 2) If a material breach by the SELLER prevents BUYER from harvesting and removing timber valued less than the 50% payment made by the BUYER to the SELLER, the difference between the value of the timber cut and removed, based upon scale tickets delivered to SELLER, and the 50% payment shall be refunded to the BUYER by the SELLER.

Following harvest equivalent to the initial 50% payment, the remainder will be due at the time of harvest on a per-unit basis. Payment is to be made to: The **Georgia Forestry Commission** and mailed, along with a cutting report and sales record recapping the timber types, weights and payment classifications, to GA-DNR WRD Forest Management Unit, 2065 US HWY 278 SE, Social Circle, GA 30025, Attn: Chris Roberts. **Reference sale ID# 11588 on all checks.** The per-unit payments will be made weekly, unless otherwise authorized by the SELLER.

2. Agrees to pay the SELLER a performance bond equal to **\$5,000.00 (or 10% of the estimated total sale price, whichever is greater)** upon the execution of this CONTRACT. The performance bond will be returned to the BUYER less any damages as determined by the terms within this CONTRACT. The SELLER shall

Buyer's Initials _____	Seller's Initials _____
------------------------	-------------------------

have up to sixty (60) days from the termination of this CONTRACT to inspect the property and account to the BUYER for any balance due it from said bond.

3. Agrees to harvest the entire sale area per within eight (8) months of execution of this CONTRACT (the "CONTRACT PERIOD") unless wet weather prevents/delays harvest. If harvesting operations are delayed or suspended due to weather conditions, as determined by the SELLER, time lost will be added to the CONTRACT PERIOD. In the event the BUYER is unable to harvest within the CONTRACT PERIOD, as it may be extended by agreement or weather conditions, the BUYER will forfeit the performance bond.
4. Will prior to the execution of this CONTRACT, provide to the SELLER and GFC proof of Worker's Compensation insurance coverage for all his/her employees and/or his/her agent's employees who will be performing work and General Liability insurance with limits of one million dollars/two million dollar aggregate; such coverage to be maintained throughout the CONTRACT PERIOD.
5. Will repair to original condition or pay for cost of replacement, any damage caused by the BUYER, to fences, roads or other improvements of the SELLER.
6. Will reimburse the SELLER for all costs borne by the SELLER and GFC in suppressing any wildfires or cost of wildfire damages incurred or caused by the BUYER or his/her agent upon lands subject to this CONTRACT.
7. Will indemnify, release, and hold the SELLER, the STATE OF GEORGIA, its various other units of government, its instrumentalities, and all officers, employees, and agents of the foregoing, harmless from and against all liabilities, damages, costs, expenses (including all attorney's fees and expenses incurred by them), causes of action, suits, demands, judgments, and claims of any nature whatsoever, arising from, by reason of or in connection with the operations hereunder; provided, however, no indemnitee shall be indemnified for the results of that indemnitee's sole negligence or, in the case of multiple negligence, for the share caused by the indemnitee's negligence.
8. Will remove all garbage, used lubricant, fuel, fluids and their containers daily, as a result of the BUYER's work involving this CONTRACT.

### ARTICLE III. THE PARTIES MUTUALLY AGREE:

1. The following work specifications are applicable and will be adhered to by the BUYER unless changes are approved by the SELLER.

#### Timber Harvest Specifications

- a. Standing trees will become the property of the BUYER once they are severed from the stump and appropriate compensation will be paid by the BUYER according to the terms of this CONTRACT.
- b. See Exhibit A, Timber Harvest Plan, for detailed timber harvest instructions.
- c. Pine stumps shall be no more than six (6) inches above the original ground level or immediately above any butt swell, whichever is higher. Hardwood stumps shall be no more than eight (8) inches above the original ground level or immediately above any butt swell, whichever is higher.
- d. Any merchantable pulpwood, logs or other forest products cut by the BUYER but not hauled off within four (4) weeks thereafter shall be scaled by the SELLER while observed by a representative of the BUYER and the BUYER

Buyer's Initials _____	Seller's Initials _____
------------------------	-------------------------

shall be charged at the rate of one and one quarter (1.25) times the rate reflected in Article 2, condition 1, and charged against the performance bond described in Article 2, condition 2. In addition to the afore mentioned penalty, if this wood is still merchantable, the BUYER shall deliver it to market and shall pay the SELLER based on the product category declared by the receiving mill and at the rates reflected in Article 2, condition 1.

- e. Excessive damage to residual trees will be compensated for by the BUYER. The BUYER shall be charged at the rate of three (3) times the rates reflected in Article 2, condition 1, and charged against the performance bond described in Article 2, condition 2. Excessive damage will be determined by the SELLER

2. Wood Flow Accounting Procedures – The SELLER will provide the BUYER with load tickets which will operate as a security device and record for the timber cut under this CONTRACT. These load tickets will be subsequently numbered documents in multiple part forms. The BUYER will be responsible for completing the pertinent information on the form for each load, attaching one part (section 3) of the load ticket to the load of timber at the loading site, and depositing another part of the ticket (section 2) into a lock box at the site provided for by the SELLER. Section 1 of the load ticket will be kept in the ticket book by the BUYER. The BUYER shall have the loads weighed across any state certified or forest products industry scale, with the scale weight recorded on a written scale ticket. The BUYER shall attach (section 4) of the load ticket to the corresponding scale ticket for each week’s deliveries, with a cutting report and sales record recapping the timber types, weights and payment classifications and shall be mailed on a weekly basis to GA-DNR WRD Forest Management Unit 2065 US HWY 278 SE, Social Circle, GA 30025, Attn: Chris Roberts. Spot checks will be made by the SELLER in the field to make sure trailers are tagged properly. If the BUYER fails to produce load tickets and scale tickets that correspond to all load tickets used and deposited in the lock box, the BUYER shall pay the SELLER for each missing ticket at the rate of 24 tons of the highest value product in Article I. Any load tickets issued to the BUYER which are unused at completion of the sale must be returned to the SELLER. The BUYER is responsible for load tickets \_\_\_\_\_ through \_\_\_\_\_.
3. If either party fails to cure any material breach (including, without limitation, failure to make a payment when due) within 30 days after written notice, the other party may suspend performance or terminate the Agreement and exercise any other legal rights or remedies.
4. The SELLER and GFC reserves the right to perform periodic inspections to determine whether or not the terms of this CONTRACT are being achieved and to suspend operation when weather conditions may result in damage to the site, until conditions improve. Timber Harvest Inspection form is attached as Exhibit “G.”
5. The BUYER will notify the SELLER at least two days prior to moving equipment onto the PROPERTY to commence logging operations and two days prior to completion of logging operations and removal of logging equipment.
6. The CONTRACT shall terminate when the BUYER receives a release of escrow letter from Georgia Forestry Commission stating timber harvest activities are satisfactorily completed or eight (8) months from CONTRACT date, whichever first occurs, unless

Buyer's Initials _____	Seller's Initials _____
------------------------	-------------------------

the CONTRACT is extended due to weather or the parties agree to an extension of time for removal of forest products covered under this CONTRACT.

7. No oral statement by any person shall be allowed to modify or change any written portion of this CONTRACT.
8. Any designated forest products, harvested or un-harvested, which remain on the sale area at the date this CONTRACT terminates, remain the property of the SELLER.
9. This CONTRACT shall not be assigned by the BUYER in whole or in part without the written consent of the SELLER. The SELLER shall approve, in writing, any new Buyer to the CONTRACT or any Buyer that is not named as the BUYER to this CONTRACT.
10. The parties agree that this CONTRACT is subject to the authority of the Georgia Forestry Commission, pursuant to O.C.G.A 12-6-6, to manage State forestlands and to oversee the sale of timber and other forest products grown on such lands.
11. This CONTRACT shall be governed by and construed under the laws of the State of Georgia. The Superior Court of Fulton County shall have exclusive jurisdiction over any and all actions, suits, or other proceedings instituted to enforce the CONTRACT unless SELLER, in writing, decides that a different court has jurisdiction.

**IN WITNESS WHEREOF, the parties have affixed signatures this \_\_\_\_ day of \_\_\_\_\_ 2024.**

Forest Management Unit  
Timber Harvest Plan**

**Timber Sale:** 11588

**Harvest Acreage:** 138

**Type of Harvesting Activity:**

- Thinning
- Timber Stand Improvement
- Clearcut
- Other:

**Harvest Description:**

General Overview:

This is a 138 acre per ton, per product thinning sale consisting of 3 project areas. Project Area 1 is 37 acres and will be thinned to 40 BA. Project Area 2 is 48 acres and will be thinned to 70 BA. Project Area 3 is 53 acres and will be thinned to 60 BA. Each project area is part of a loblolly pine plantation and are roughly 40 years old. The overstory consists mainly of loblolly pine while the mid-understory consists of mixed hardwood species.

The goal of harvesting this area is to *leave the best trees in the stand*. It is an operator's select thinning from below. Meaning, forked, crooked, diseased, cankered trees should be removed first. Pulpwood and chip and saw should be the next products removed, and so on until the BA goal is met.

Harvesting boundaries are formed mainly by WMA roads, natural streams and wetlands, and old firebreaks. Boundaries for the sale area are marked in double striped blue paint. Marked boundary trees are not to be cut. Harvesting equipment should stay within these boundaries. Trees are not to be felled over the harvest boundary lines or into the surrounding SMZ's and roads. Remove all logging slash that does get into the fire breaks or trails.

Because this is a thinning operation, the residual standing trees should not be skinned or damaged. If residual trees are damaged, it is expected that the damaged portion will be painted over with black or brown paint.

**An on-site, preharvest meeting will be required between the DNR forester, the timber buyer, and the logger prior to any harvest activities.** Notification of logging activities and moving on or off site is required at least **24 hours** ahead of time. If any questions or problems arise throughout the harvesting process, the main point of contact will be with the DNR forester to help answer questions or absolve any issues/ concerns.

Streams and Streamside Management Zones:

There are no perennial streams that go through any of the project areas. However, there are old ditches within the area that are marked out with blue paint. Bank trees are not to be harvested on these ditches. There are low areas within the project area that should be avoided when wet to keep from rutting.

Buyer's Initials \_\_\_\_\_ Seller's Initials \_\_\_\_\_

Log Decks and Logging Slash:

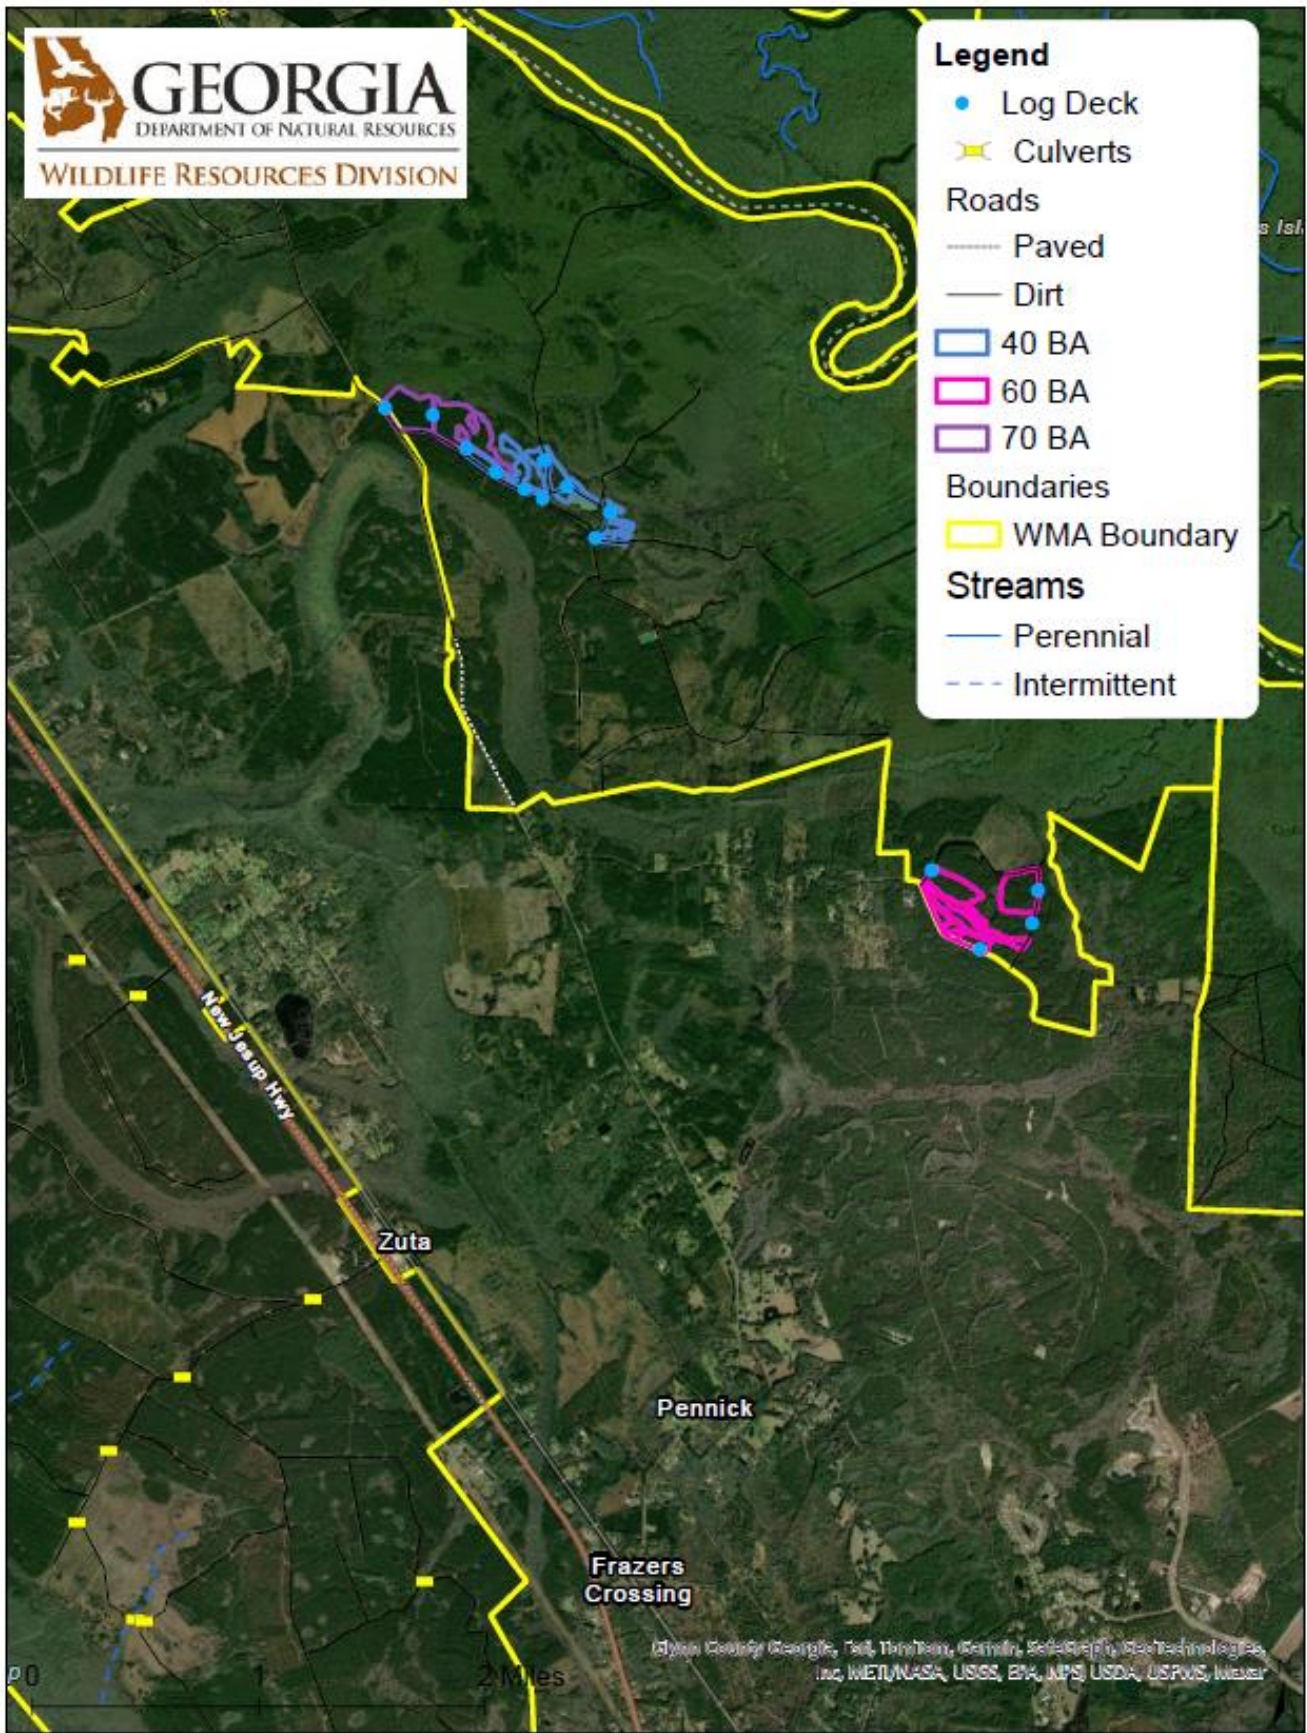

Only proposed logging decks as indicated on the activity maps are to be used. Loggers are encouraged to use the minimum number of decks possible. **Logging slash should be piled, dirt-free with the skidder grapple at least 50 feet away from residual trees.** Decks should be placed far enough off roads or firebreaks to avoid impacting them. Trucks are not to be loaded or trimmed in roads or firebreaks.

Roads:

Access to the timber harvest is gained from Pennick Road, Honeygall Road, and via WMA roads. *All WMA roads must be maintained and returned to original condition or better.* All roads used for harvest activities must be and remain in BMP compliance throughout the harvest and upon final inspection of the harvest area.
